IMPORTANT SAFETY INFORMATION

Read this user manual carefully before you use the appliance and save it for future reference.

Danger

- Never immerse the base, the mains cord or the mains plug in water or any other liquid.
- Failure to follow the descaling instructions may cause irreparable damage.
- Never disassemble the base to avoid the risk of electric shock.
- Repairs must be conducted by authorised service agencies.

Warning

- This appliance can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and if they understand the hazards involved.
- This appliance shall not be used by children. Keep the appliance and its cord out of the reach of children.
- Children shall not play with the appliance.
- Check if the voltage indicated on the appliance corresponds to the local mains voltage before you connect the appliance.
- Do not use the appliance if the plug, the mains cord or the appliance itself is damaged.

IMPORTANT SAFETY INFORMATION

- If the mains cord is damaged, it must be replaced by Lacté, a service centre authorised by Lacté or similarly qualified persons in order to avoid a hazard.
- There are no serviceable parts inside the electric steam steriliser. Do not attempt to open, service or repair the electric steam steriliser yourself.
- The appliance becomes extremely hot during sterilisation and may cause burns if it is touched.
- Beware of hot steam that comes out of the vent in the lid or when you remove the lid. Steam can cause burns.
- Do not touch the base, the baskets and the lid during or shortly after sterilisation because they are very hot. Only lift the lid by its grip.
- Never move or open the appliance when it is in use or when the water in it is still hot.
- Never place items on top of the appliance when it is in use.
- Only use water without any additives.
- Do not put bleach or other chemicals in the appliance.
- Only sterilise baby bottles and other items that are suitable for sterilisers. Check the user manual of the items you want to sterilise, to make sure they are suitable for sterilisers.
- If you want to stop the sterilisation process, unplug the appliance or press the power-on button.
- This appliance is intended for household use only.

- Never use any accessories or parts from other manufacturers or that Lacté does not specifically recommend. If you use such accessories or parts, your guarantee becomes invalid.
- Do not expose the appliance to extreme heat or direct sunlight.
- Always let the appliance cool down before you move or store it.
- Do not sterilise very small items which can fall through the holes in the bottom of the basket.
- Never place items directly on the heating element when the appliance is switched on.
- Do not use the appliance if it has fallen or is damaged in any way. Take it to an authorised Lacté service centre for repair.
- Always place and use the appliance on a dry, stable, level and horizontal surface.
- Do not place the appliance on a hot surface.
- Do not let the mains cord hang over the edge of the table or worktop on which the appliance stands.
- Always pour any remaining water out of the appliance after use and when the appliance has cooled down.
- Switch off the appliance and disconnect from supply before changing accessories or approaching parts that move in use.
- Environmental conditions, such as temperature and altitude, may affect the functioning of this appliance.
- Cleaning and user maintenance shall not be made by children.
- Always disconnect the device from supply if it's left unattended.

PRODUCT DESCRIPTION

PREPARING THE STERILISER

Assembling the Steriliser

When you use the appliance for the first time, we advise you to let it complete one sterilisation process with empty baskets.

01

Use for example a clean baby bottle and pour exactly 100ml tap water directly into the water reservoir of the base.

02

Place the large basket on the base.

03

Place the small basket on the large basket.

04

Place the lid on top of the small basket.

05

Put the plug in the wall socket. Press the **Steam/Sterilise Button** to start the sterilisation cycle.

USING THE STERILISER

Only place items in the steriliser which are suitable for sterilising. Do not sterilise items that are filled with liquid, e.g. a teether with cooling fluid.

Note: Before you sterilise bottles and other items, clean them first.

01

Use for example a clean baby bottle and pour exactly 100ml tap water directly into the water reservoir of the base.

02

Place the large basket on the base and place the items to be sterilised in it.

03

Place the small basket on top and place the small items to be sterilised in it and place the lid on top of the small basket.

04

Put the plug in the wall socket. Press the

Sterilise / Steam Button
To start the automatic Sterilise-Then-Dry Cycle

Sterilise / Dry Button
To start the sterilisation cycle ONLY

Dry Button
To start the Drying cycle ONLY

USING THE STERILISER

Warmer Feature

You may use this feature to warm up chilled milk or food to your desired approximate temperature.

01

Use for example a clean baby bottle and pour exactly 100ml tap water directly into the water reservoir of the base.

02

Place the large basket or small basket on the base and place the Food or Milk to be warmed in it and cover with the lid.

03

Put the plug in the wall socket. Press the **Warm Button** to start the warmer feature. Press + or - to select timer.

180 sec - 210 sec - 240 sec - 270 sec
-300 sec - 330 sec - 360 sec

Note:

The end result depends on the following:

- Initial temperature of the milk / food
- Amount of milk / food
- Timer setting

Select a suitable warming duration for best result

Model	SDS801
Power Source	AC 220v – 250 V, 50/60 Hz
Rated Power	650W

WARRANTY

The Premium Steam & Dry Steriliser ("Product") is warranted to the original user – whether institutional or individual ("First User") – only. From the date of the First User's purchase of the product, GMTA Asia Sdn. Bhd. ("GMTA") warrants the Product to the First User against defects in material or workmanship for a period of one year for the pump mechanism.

GMTA sole obligation under this limited warranty shall be to repair or replace, at GMTA option, any Product that is determined to be defective by GMTA and determined to be covered by this express limited warranty. Repair or replacement under this limited warranty is the sole and exclusive remedy of the First User. Proof of purchase in the form of receipted invoice or bill of sale evidencing that the Product is within the warranty period must be presented to obtain warranty service. This limited warranty is extended by GMTA ONLY to the First User and is not assignable or transferable.

EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THE PRODUCT IS HEREBY DISCLAIMED. GMTA SHALL NOT BE LIABLE FOR ANY INCIDENTAL,

CONSEQUENTIAL, SPECIAL OR PUNITIVE DAMAGES OF ANY KIND FOR BREACH OF THE EXPRESS LIMITED WARRANTY ON THE PRODUCT OR ANY WARRANTY IMPLIED BY OPERATION OF LAW. OTHER THAN THE EXPRESS LIMITED WARRANTY SET FORTH ABOVE, THERE ARE NO OTHER WARRANTIES THAT ACCOMPANY THIS PRODUCT AND ANY ORAL, WRITTEN OR ANY OTHER REPRESENTATION OF ANY KIND IS HEREBY DISCLAIMED.

Non-Applicable of Warranty

In addition to any other limitations on the warranty discussed above, the warranty shall expire and be of no force or effect upon the occurrence of any of the following:

- (i) the cause of damage of the Product is due to improper handling or use.
- (ii) the Product is not properly maintained by the First User as determined by GMTA.
- (iii) non approved accessories or spare parts are used with the Product as determined by GMTA.

If any of the above occurs, GMTA shall not be responsible for damage to the Product, parts thereof or Injuries arising therefrom, either directly or indirectly. The warranty terms set forth above replaces all prior warranties with respect to the purchased Product, whether in writing or otherwise.

Call your local distributor or location where you purchased the Product.
